### **Detailed Action**

A request for continued examination under 37 CFR 1.114, including the fee set forth in 37 CFR 1.17(e), was filed in this application after final rejection. Since this application is eligible for continued examination under 37 CFR 1.114, and the fee set forth in 37 CFR 1.17(e) has been timely paid, the finality of the previous Office action has been withdrawn pursuant to 37 CFR 1.114. Applicant's submission filed on August 29, 2008 has been entered.

This office action is a response to applicant's communication submitted August 29, 2008 wherein claims 1-11, 15, and 16 are amended and claims 18, 23, and 24 are cancelled. This application is a national stage application of PCT/GB04/02904, filed July 6, 2004, which claims benefit of provisional application 60/485523, filed July 8, 2003.

Claims 1-17 and 22 are pending in this application.

Claims 1-17 and 22 as amended are examined on the merits herein.

### **Reasons for Allowance**

Applicant's amendment, submitted August 29, 2008, with respect to the rejection of instant claim 23 under 35 USC 112, first paragraph, for lacking enablement for a preventative method, has been fully considered and found to be persuasive to remove the rejection as claim 23 is no longer pending. Therefore the rejection is withdrawn.

Applicant's amendment, submitted August 29, 2008, with respect to the rejection of instant claims 18, 21, 23, and 24 under 35 USC 112, first paragraph, for lacking enablement for methods of treating all possible disorders involving the  $\alpha 7$  nicotinic acid receptor, has been fully considered and found to be persuasive to remove the rejection as the rejected claims are no longer pending. Therefore the rejection is withdrawn.

Claims 1-17 and 22 are pending in this application and are examined on the merits herein.

The amendment submitted August 29, 2008 as discussed above is seen to be persuasive to remove all rejections of record in the previous office action and to place the application in condition for allowance. Reasons for allowance are as follows:

The claimed compounds and methods of assaying said compounds are seen to be adequately described and enabled by Applicant's specification. Specifically, p. 1 lines 9-21 provide adequate support for using nicotinic acetylcholine agonists as therapeutic agents. pp. 1-9 provide written description for the claimed compounds. Pp. 14-22 provide synthetic methods that enable one skilled in the art to make these compounds. Therefore the claims satisfy the requirements of 35 USC 112.

Furthermore the claims are seen to be novel and non-obvious over the prior art. The prior art does not disclose any compounds having the claimed spiro-azabicyclo-oxizolidinone compounds with two aryl groups attached to the oxazolidinone as recited in the instant claims. Although Katayama et al. discloses spiro-azabicyclo-oxizolidinone compounds having one substituted aryl group, this reference does not disclose

compounds in which the aryl group is substituted with a second aryl group. One of ordinary skill in the art would not have had any motivation to modify these prior art compounds by adding an aryl substituent as shown in the instant claims.

Accordingly, applicant's amendment presented August 29, 2008, is sufficient to remove all rejections made in the prior office action as discussed above and to place the application in condition for allowance.

Any comments considered necessary by Applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled, "Comments on Statement of Reasons for Allowance."

Any inquiry concerning this communication or earlier communications from the examiner should be directed to Eric S. Olson whose telephone number is 571-272-9051. The examiner can normally be reached on Monday-Friday, 8:30-5:00.

If attempts to reach the examiner by telephone are unsuccessful, the examiner's supervisor, Shaojia Anna Jiang can be reached on (571)272-0627. The fax phone number for the organization where this application or proceeding is assigned is 571-273-8300.
